

Championing Healthy, Active Kids!
Pleins feux sur des enfants sains et actifs!

April 21, 2021

Canadian Centre for Ethics in Sport,

Physical and Health Education Canada (PHE Canada) is proud to endorse *THE TRUE SPORT EXPERIENCE – Volume 1: FUNdamentals*.

After a comprehensive review process by PHE Canada, including consultation with an advisory team of experienced educators and sector experts from across Canada, the program has been recognized for its support of quality physical and health education programming and the promotion of healthy learning environments for students. More specifically, the program was assessed on quality of content, accuracy and readability, pedagogy, application, relevance, inclusivity, design and illustrations, overall value to educators, and contribution to the health and well-being of students across Canada.

Congratulations on the development of this exceptional program that will support educators in planning and delivering meaningful learning experiences and provide opportunities for students to develop the knowledge, skills, and attitudes to lead resilient, active, and healthy lives.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Gleddie', with a long horizontal flourish extending to the right.

Dr. Douglas Gleddie
PHE Canada President

About Physical and Health Education Canada (PHE Canada)

Founded in 1933, PHE Canada is a national charitable association and Canada's recognized leader in physical and health education. PHE Canada empowers the Canadian Physical and Health Education Community with quality programs, professional development services, and community activations to ensure equitable access to the benefits of quality physical and health education and healthy learning environments for all 5 million students and 15,000+ schools communities across Canada. By promoting and advancing quality physical and health education and healthy learning environments, PHE Canada helps ensure each and every child and youth in Canada has the knowledge, skills, and attitudes to lead resilient, active, and healthy lives.
